Democratic Ratification Meeting at San Francisco.

The following account of the Democratic ratification meeting at San Francisco, on Saturday evening, is from the *Alta*, of Sunday, July 23d:

Last evening Platt's Hall and its vicinity was occupied by the Democracy in a grand mass meeting, to ratify the State ticket and the new departure platform of the party. Bonfires burned on Pine, Sutter, Bush and Montgomery streets, while a profusion of fireworks gave the air a lurid appearance. The Democracy turned out in large numbers. Every foot of space in the hall was filled, and Montgomery street, from Pine to Bush, was completely blocked by enthusiastic Democrats. A speaker's stand was erected in front of the hall, from which several parties addressed the crowd.

Many prominent Democrats occupied seats on the platform. The meeting was called to order by J. W. Mandeville, President of the State Central Committee, who nominated William T. Coleman for President. Mr. Coleman was elected by acclamation. The usual long list of Vice-Presidents was elected.

After a short speech by Mr. Coleman, Governor Haight was introduced and received with deafening cheers, the whole audience rising and waiving their hats. He said: It is about four years since I had the pleasure of addressing my fellow citizens on politics. Then I was called upon to serve you; I responded but I did not think I would be again called upon to respond to another call. My knowledge and deep sense of the duties that appertain to public life has lessened my desire for again assuming the duties of Governor. He said his response to the call of the people was to vindicate his character against the calumny and abuse of the press. All public men are liable to abuse, but he considered he had more heaped on him than usually falls to the lot of a public man. But he refused to reply to the calumnies of the press or of individuals; having lived here for twenty years, he was not afraid to trust himself in the people's hands. He was pleased to see so many workingmen present, because the calumny on him was directed to influence them. He reviewed the work of the Administration during his term of office, and claimed that Democrats should feel proud of it. Taxation was reduced, although some means of supply were cut off, and a good deal of expense incurred on public buildings. He referred to railroad bills, which he vetoed, and said to take the hard earned money of the masses and extort it from them under the forms of law, and give it to corporations, was an outrage on the Government. As Chief Magistrate, I concluded to break it down; I knew that, whatever the consequences to me, the principle would triumph. If it were not for this, I would be calculating a retirement from office, and another would be seeking your suffrages.

It would be folly to say there are no differences between the principles of parties. Some of these have been settled by inexorable facts. I held that it would be dangerous to place the ballot in the hands of 600 or 700 Africans, but now that it is an accomplished fact, the party recognizes it. Let us only hope that they will exercise the franchise to the benefit of themselves and their country. [This simple recognition of a fact is what they call the New Departure.] There are other principles upon which we differ. The most important issue thrust upon us is centralization and corporation against local self-government.

Grants of land by Congress to railroad corporations was next taken up, and the speaker insisted that the public domain was the property of the people for settlement and preemption.

On the contrary, large tracts have been granted to railroads, to be held and used by them as they think proper. We may not see the evils of it in our time; but it must lead to a revolutionary resistence by the people, as in ancient Rome. What is said by Republicans does not square with legislation by Congress on that subject.

The Governor defended his Street Commissions by saying they were merely a response to the wish of the people of this city and county; but if there is anything wrong in them the Legislature he said would make it right.

Senator Casserly was next introduced, and spoke for about an hour. He said he did not care to make a speech, but to join with the Democracy, in the approval of the ticket and platform of principles. He attended the Convention and he was pleased to see the men of toil come there from all parts of the State to assert their right to own the State of California as against the moneyed corporations. He knew, when elevated to his present position, that the time would come when a party honest enough to battle against this moneyed power would spring up. The conflict he believed, would be a question of time; it came before he expected, but not too soon for the good of the people. It was good for California to have a man in the Gubernatorial Chair who knew the issue, and faced it with whatever result to himself. This moneyed power has an influence which operates in the dark, and, therefore, is the more formidable. He had some misgiving that it would come so soon, but had no doubt that it would be met.

The speaker said, referring to the tickets, Republican and Democratic, he did not speak with any disrespect to the *personel* of their opponent's ticket, and he was compelled to say, from first to last, the Republican ticket was the poorest ever presented to the people. If Booth was the greatest man who ever saved a State or rescued a struggling people, he could not possibly have virtue enough to carry the rest. Booth has no public record that is not bad on the subsidy question. On that issue no man is worse than Newton Booth. The Republicans talk of the brotherhood of man; they say the Chinese are their brothers, but they deny you, who sit there with white upturned faces. At the present and considering the issues to be met, this was no time for change.

The large assemblage, after being addressed by a number of other gentlemen, adjourned, with three cheers for the speakers and the candidates, which were given with a will.

ANOTHER new departure is announced from Kentuckey. Harry Howard a prominent colored man from Lexington, is stumping the State for the Democratic ticket.

What Radicalism Has Done.

It joined in declaring the flag of our country a "flaunting lie."

It proclaimed itself in favor of a "higher law."

It denounced the Constitution of the United States as "a league with the devil and a covenant with hell."

It invaded the Federal Constitution, and usurped the sovereignty of the States.

It disfranchised thousands of white citizens.

It annihilated ten States, and then forced them to submit to a galling military rule.

It abolished civil law in certain parts of the country, and tried civil cases by military commissions.

It suspended the habeas corpus, and denied to citizens trial by jury in time of profound peace.

It endorsed the outrages of Gov. Holden, of North Carolina, and the frauds of Gov. Butler, of Nebraska, who have since been impeached and removed from office.

It has made vagabonds out of four millions of negroes.

It has disregarded solemn obligations, and made pledges to the people that it never intended to fulfill.

It has given away two hundred millions of acres of the public domain to bloated corporations and capitalists.

It has encouraged Chinese immigration to the great injury of laboring whites.

It has squandered the public treasure, and refused to prosecute the thousands of thieves in high places.

It has subsidized a steamship corporation to enable it to flood the land with cheap labor from the teeming, swarming shores of China.

It has taxed the laboring masses to carry on the Government.

It has made the poor poorer to make the rich richer.

It has refused to make the bondholders bear their share of the burdens.

It has refused admission to Democratic Congressmen who have been legally elected.

It has, through its Congress, usurped powers not delegated by the States.

It has inaugurated an odious and most grinding system of high tariff that the manufacturing and capital controlling interests may be protected from competition, and thus place the consumer at the mercy of the cormorants.

It has appointed a large army of spies to pry into the private business of every citizen.

It has encouraged more villainy, shielded a greater number of rascals from richly deserved punishment, caused more false swearing, filched more of the hard earnings of the people, been guilty of greater usurpations and perpetrated more infamous oppressions than all the governments of past ages combined, and that, too, under the magic influence of "Union and Liberty"—or rather made use of the known love American had for the Union of the States and the liberty enjoyed under the Constitution, to work its way into power, and to blind the masses as to its intentions.

We ask now in all candor, can any Democrat conscientiously vote for a Radical, or even recognize any of the independent dodges of the Radical organization? We think not! Can Democrats so far forget themselves and the duty they owe to their country as to refuse to labor for the success of their whole ticket? We do not believe they are yet ready to surrender everything up to Radicalism.—*Lakeport Avalanche.*

THE NEXT PRESIDENTIAL ELECTION.—The thirty-seven States will vote for the next President, and the Electorial College will represent 317 votes; necessary to a choice, 159. The Chicago *Democrat* has made a count of the chickens before they are hatched, and the following is the result:

Democratic—Alabama, 8; Delaware, 3; Georgia, 9; Florida, 3; Kentucky, 11; Lousiana, 7; Maryland, 7; New York, 33; Oregon, 3; North Carolina, 9; Tennessee, 10; Virginia, 10; California, 5; Indiana, 13; Missouri, 11; New Hampshire, 5; West Virginia, 5; Nevada, 3; Texas, 16—19 States, 171.

Republican—Iowa, 8; Kansas, 3; Maine, 7; Massachusetts 12; Michigan, 8; Minnesota, 4; Rhode Island, 4; South Carolina, 6; Vermont, 5; Wisconsin, 8—10 States, 65.

Doubtful—Arkansas, 5; New Jersey, 7; Ohio, 21; Mississippi, 7; Pennsylvania, 26; Connecticut, 6; Illinois, 16; Nebraska, 3—8 States, 91.

Why Connecticut, Mississippi and Arkansas are placed under the head of doubtful, we do not understand. Those three States together with New Jersey, will certainly give Democratic majorities. But giving the Republicans the entire list of doubtful States, it will be seen that the Democrats will still have a majority in the Electorial College. Grant will have to use his musket election law and his Kuklux bill very judiciously to secure another four years' lease of the White House.

WILL STAND BY THE RECORD.—"Sir, the Republican party needs no 'new departure.' It stands upon its history. It has written no chapters that it desires to tear out. Every page is emblazoned with glory. Let the record stand, the party will stand by the record." So said Newton Booth in his speech before the convention that nominated him for Governor. What is the record of the Republican party? The income tax; the protective tariff; the granting of hundreds of millions of acres of the public domain as subsidies to railroad corporations; the Burlingame treaty with China, by whose provisions Chinamen are granted almost equal privileges with native born citizens. The above, reader, are a few items from the record of the Republican party, which Mr. Booth says is "emblazoned with glory," and which the party intends to "stand by." We congratulate the party on its record. The laboring man and woman will have reason to remember the record when he or she is unable to obtain employment because the places they seek are filled by Chinamen, encouraged to come hither by the Burlingame treaty, and secured in equal privileges with themselves by its provisions! It is a glorious record, for capitalists, land-grabbers, corporations and Chinese lazaroni! Let the Republican party stand by it for a brief season, and fall with it at the September election.—*Santa Clara Argus.*

PIG IRON is now made in Alabama 33 per cent. cheaper than in the most favored portions of Pennsylvania.

What We Don't Accept.

The fact that the Democrats recognize as parts of the Constitution the three amendments, just as they recognize the fact that Grant is President, that Beast Butler has a vote in Congress, or that the land-grabbers and tariff monopolists are stealing under cover of the laws, is claimed in certain quarters, of course without any pretense to sincerity, as an acquiescence in the righteousness of Radicalism generally. Never was there a greater blunder or more puerile invention. The Cincinnati *Commercial*, for instance, declares that "the Democracy of Ohio, Pennsylvania, Tennessee and Iowa * * have taken a tremendous stride toward solid Republican ground." "Solid Republican ground!" Let us see what it is.

A tariff in the interest of favored classes—taxing the many for the benefit of the few.

A refusal of general amnesty—thus keeping alive bitterness at the South and educating the people in hatred of the Government.

A bayonet election law—placing the polls under the controll of the military subordinates of Grant.

A Kuklux law, so-called—which overthrows the local sovereignty of the people of every State, authorizing court-marshal in time of peace and suspends the *habeas corpus*.

A system of land stealing that has given to corporations of speculators a territory greater in extent than the States of New Jersey, Maryland, Pennsylvania, Ohio, Indiana, and Illinois, with their ten millions of inhabitants.

A system of taxation that has driven the American flag from the ocean, destroyed our commerce, and changed the balance of $20,000,000 in our favor, of the carrying trade in 1861, to $23,000,000 against us in 1871.

A system of carpetbag-government at the South, administered by a set of vampires who have plundered and oppressed the people and bankrupted the State Governments.

Usurpation of the war power by Grant in his demonstration against Hayti, reminding Carl Schurz (*vide* his Senate speech) "Louis XIV. with his riding boots on and whip in hand, entering the Paris Parliament and proclaiming, "I am the State."

A system of disgraceful nepotism in the disposition of offices of honor and profit, and the degredation of the public service to the menial condition of promoting the personal fortunes of Grant.

Intimidation of Congress by the application of the Executive lash, as in the case of Sumner, and the bribery of Senators and Representatives by the withdrawal and bestowal of patronage to punish some members and reward the servility of others.

A corrupt system in the public service by which the Government has lost over twenty million dollars by defaulting revenue officials, only fifty out of three hundred of these Radical thieves ever having been prosecuted.

A system of tariff taxation by which (according to Wells) the people are defrauded out of *fifty million dollars* taxes on iron, coal, salt, lumber and cotton, in order that *eight million dollars*, may go to the Government, the remainder, *forty-two million dollars*, forming the profits of the favored monopolists.

A general system of taxation, internal and by tariff laws, by which the people are taxed not less than five dollars for every dollar that goes into the treasury, the other four going into the pockets of the favored classes.

An extortionate system of national banking, creating a powerful moneyed aristocracy, and costing the people nearly thirty millions of dollars.

A financial policy in regard to the public debt, whereby more than twenty-four millions of dollars *premium* have been paid on government bonds payable at par.

The degradation of the Supreme Court of the United States by "packing" it with railroad attorneys (Bradley and Strong) expressly to secure decisions favorable to wealthy corporations, and to sustain the reckless legislation of the Radical party.

The specifications might be extended indefinitely, covering almost every act of the Grant Administration and every policy of the Republican party; while every one of the above, we are pretty sure, has been "recognized" as a true bill by the *Commercial* within the year. The stride the Democrats are taking is not to plant themselves on any such "solid Republican ground" of usurpation, corruption and injustice, but its object is to drive the spoilers from power.—*Ohio Statesman.*

TULES AND COTTON FOR PAPER.—The Marysville *Appeal* says: "We hear it rumored that some Eastern capitalists are in the city, canvassing the propriety of erecting a paper mill here. They are acquainted with the business, and we hear that they express the opinion that Marysville presents superior inducements and advantages for the prosecution of this branch of industry. The close proximity of inexhaustible tule marshes and cottonwood groves would seem of vast weight in the matter, if, as we have heard, those two articles will enter largely into the list of materials used in the manufacture of paper. We learn that cottonwood is worth $16 per cord in Massachusetts, where it is extensively used for this purpose. It is said that the wood is readily reduced to pulp, and easily manufactured into paper, of a quality suitable for publishing newspapers. A few years since a scientific German, impressed with the idea that the tules would prove of value in the manufacture of paper, sent a bale of them to Germany to be experimented upon. The result proved that an excellent article of paper could be made from them at a trifling cost. Such was the report, if our memory is not at fault, but from that time to this, but little has been said in regarding this matter. Premising it to be correct a vast field is open for a successful manufacturing establishment. With the material at hand, to be secured at an expense alone of gathering, and with the facilities of cheap labor, there is no reason why the scheme should not succeed.

THE Republican candidates for Sacramento county refuse to discuss the issues with the Democrats. The *Bee* contains the challenge on the part of the latter, communicated through the Chairman of the Democratic County Committee to the Republican Committee, to which no reply was returned.

Writ of Super Sedeas.

The following was received last week by Sheriff White ordering him to stay the execution of Laura D. Fair, convicted of murder in the first degree and sentenced to be hanged on the 28th inst.

In the Supreme Court of the State of California; The People vs. Laura D. Fair. The People of the State of California, to the Sheriff of the City and County of San Francisco, Greeting:—Whereas, it appears to us before our Supreme Court that Laura D. Fair now in our custody, lately convicted in the District Court of the Fifteenth Judical District, held in and for the County of San Francisco, upon the indictment presented against her of the crime of murder in the first degree; and that upon conviction, judgment was rendered on the third day of June, 1871, by the said District Court, that the said Laura D. Fair, on the 28th day of July, A. D. 1871, be hanged by the neck until she be dead.

And whereas, from the said judgment of said District Court, an appeal has been taken by the said Laura D. Fair to our Supreme Court, as appears by the transcript of proceedings and record of said District Court now before the Justices of our said Supreme Court;

And whereas, in the opinion of our said Supreme Court, all the proceedings upon such judgement ought to be stayed until the hearing and decision of our Supreme Court upon said appeal;

And whereas, the Court has ordered that the execution of said judgement be stayed until such hearing and decision.

Now therefore, we command you that you wholly refrain and desist from the execution of the said judgment upon the said Laura D. Fair until the further order of the Supreme Court.

Witness, Hon. A. L. Rhodes, Chief Justice of our said Supreme Court, at Sacramento, Cal., this 10th day of July, 1871.

George Seckle, Clerk of the Supreme Court of California.

Main Democracy.

The Democracy of Main met in convention at Augusta on the 27th ult. P. Kimball was nominated for Governor, receiving 455 out of 473 votes cast. Perfect unanimity and much enthusiasm prevailed throughout the deliberations of the Convention. The resolutions dealt with the live issues of the day, and upon them the Democracy of Main steps to the front line of battle, the preliminary skirmish to the battle of 1872. The following are in substance the resolutions adopted:

Resolved, That burying out of sight all dead issues, we address ourselves to the vital issues and questions of the hour, determining them by living principles of Democracy, as promulgated by the fathers of the Republic; that we recognize our binding obligations to the Constitution of the United States as it now exists, and that we demand for it a strict construction, so as to protect equally the rights of States and individual.

Resolved, That we cherish the American State and local governments, and we will forever defend them against centralized Federal power.

Resolved, That we reject the idea of the repudiation of the National Debt, and believe it to be the duty of the Government to pay according to law, and in lawful money, all liabilities.

The fourth resolution opposes a high protection tariff; the fifth advocates civil service reform; the sixth favors universal amnesty.

Resolved, that the action of the Administration in using power to override the settled decisions of the Supreme Court, we regard as dangerous, and an ominous indication, and as demonstrating that since the grand co-ordinate divisions of the Government are not safe from executive usurpation, that the party upholding such a usurpation of power is unfit for the position of trustees of constitutional liberty.

The resolutions conclude by pledging the entire support of the party to the nominee. There is every assurance that the Democracy of Maine, if they do not go forward to victory, will make heavy inroads in the Radical ranks of that State in November.

Republican Dishonesty.

The Radical State ticket is of the mosaic order. Booth is put forward as the special champion of the anti-subsidy principle. Public sentiment forced this nomination. The dishonesty of the Republican convention is shown, however, in the fact that Pacheco was nominated for Lieutenant-Governor. He was in the last Senate notoriously the advocate of the schemes of the subsidy hunting corporations. Says Hon. Jos. Walkup, the veteran editor of the *Placer Herald*,

We know Romualdo Pacheco intimately, and were associated with him politically in the State Senate, when he was a Democrat; after he left the Democratic party, and more recently as a Senator. He is absolutely in the hands of, and sympathizes with the capitalists. In the last session of the Legislature he voted for every measure that suited Lloyd Tevis and Stanford, Crocker & Co., and is, to-day, their man. Pacheco, if Booth and him are elected, has the casting vote in the Senate, and becomes Governor on the death, resignation, absence or other inability of Booth. With the Lieutenant-Governor in the hands of these heartless public plunderers, who dare insure Newton Booth's life, or what honest, anti-subsidy Republican dare vote for Booth and Pacheco. The Sacramento *Union* will not dare answer this question. We must not be understood as charging Pacheco of dishonesty or corruption, for we believe him to be conscious in all his acts, but we do mean to say that the public plunderers will make him believe that every bill he signs is correct, while they are bleeding the honest, toiling taxpayers are only safe in the election of Haight and Lewis.

THE Springfield *Republican* (Republican) says: "By gratuitous interneddling in State politics, President Grant not only hurts himself—which is of very little consequence—but he hurts the Republican party, and that is a very serious matter. It is partly his misfortune and a good deal more his fault, that he is cursed with as bad a set of advisers as ever misled a President to his ruin." Grant is coming to California in August, to help the Democrats carry the State.

VALUABLE.—Raymond's one-third interest in the New York *Times* has been sold by his heirs for $375,000.

GOV. WELLER.—Gov. J. B. Weller has arrived from the East, and will probably canvass the State for the Democratic ticket.

TEXAS.—The election in Texas for four members of Congress is ordered by the Governor to take place on October 3d.

EDWIN FORREST.—This eminent tragedian, arrived in San Francisco overland July 18th, He will probably appear at the California Theater.

HON. J. W. COFFROTH.—This gentleman has so far recovered from his indisposition as to be able to sit up, and is worth a great many dead men yet.

DEATH OF THOMAS LINCOLN.—Thomas Lincoln, the oldest son of the ex-President Abraham Lincoln, died at the Clifton House, Chicago, on the 15th inst.

HENDRICKS FOR PRESIDENT.—At a meeting of the Democratic State Central Committee of Indiana, July 26th, Hon. Thos. A. Hendricks was endorsed and recommended as a candidate for the Presidency in 1872.

LARGE FIRE.—On Saturday afternoon last, a fierce and disastrous fire occurred in San Francisco, which destroyed property to the amount of $200,000, and throws out of employment over one hundred men.

RAILROAD MATTERS.—The San Francisco *Call* says: "The Central Pacific Railroad Company has bargained for the California Pacific or Vallejo line, which fact will be fully proven in the course of a few days."

DAILY PLEBEIAN.—This is the name of a neat little daily paper just started in San Francisco and edited by C. A. Merrill. It professes to be "independent" in politics, but supports the Radical ticket with a zeal becoming the most Radical party organs.

CALISTOGA SPRINGS.—We are in receipt of a very handsome lithographed view of Calistoga Springs, sent as a supplement with the Calistoga *Tribune*, published by our old friend McGeorge. From its appearance on paper, Calistoga must be a delightful place.

DEMOCRATIC MEETING AT CAPAY.—A Democratic meeting is announced at Capay City, Capay Valley, on Saturday, August 5th. Judge Johnson and other sterling Democrats will be present and address the crowd. The Republican candidates are invited to come forward and express themselves on the occasion, and citizens generally, irrespective of party, are all invited to attend.

TROUBLED.—The Republican papers are sorely troubled about the Democratic "new departure." How about the "departure" in the Republican platform on the Chinese question? How about the subsidy candidates placed before the people on the Republican State ticket, from Booth all the way down? They will have enough to do to reconcile these difficulties to keep them busy for a while.

AMADOR DIFFICULTIES.—It was hoped that the difficulty among the miners was finally settled, and last week the troops ordered out returned to San Francisco, there having been no collision up to that time. The fore part of this week, however, other difficulties occurred and two men lost their lives. It is to be hoped there will be no further trouble, but matters do not yet seem to be satisfactorily settled.

EARTHQUAKE—200 LIVES LOST.—A telegram dated London, July 25th, states that a terrible earthquake occurred recently in one of the Philipine Islands, by which more than two hundred persons were swallowed up by the earth, and every one of them almost instantly killed. Sixty bodies of the dead were recovered. The rest of the inhabitants fled the island, which has been utterly desolated.

THE RAILROADS.—Dame Rumor now has it that the Central has bought out the California Pacific Company, and that a double track is to be constructed from Sacramento to Vallejo, with the probability of its continuance to Oakland shortly. She also says that the line from Davisville to Red Bluff will be constructed. We imagine that this is merely conjecture, but that changes are going on seems to be certain.

"THE PRESS."—This is the title of an elegant production of sixteen large sized pages by Messrs. Horton & Leonard, 108 and 110 Randolph street, Chicago, issued quarterly at the low price of 50 cents per year. It is a perfect model of typographical perfection, and shows the state of excellence at which "the art preservative of all arts" has arrived. The *Press* is beautifully illustrated, while its reading matter is chaste and interesting.

LIVELY WAKE.—The Black Republican papers call the great Democratic ratification meeting in San Francisco a "wake." It was a rather lively wake for the Rads, no doubt—one that brought them to a realizing sense of the job they have undertaken; and it strikes us that that kind of wakes will be kept up in a manner that will astonish our opponents during the entire canvass. The people are aroused, and on the night of election day the villifiers of Democracy will wake up to the fact that another great "wake" will have to be performed over the politically dead carcasses of their slain candidates, who will then be politically buried.

AFRAID OF DISCUSSION.

Our opponents seem to be afraid to go before the people and discuss the questions of public polity as advocated by the two great political parties, in which every voter and every taxpayer is directly interested. In Sacramento, recently, the Democratic nominees for the Assembly addressed to those who were pitted against them upon the Republican side, an invitation to join them in making a canvass of the county; but the invitation was silently, scornfully rejected. Though invited in the most courteous terms, no reply was received, none given. What other conclusion can be deduced from this silent refusal, than that the Republicans dare not take up the gauntlet thrown down to them by the Sacramento Democrats. We believe the truth is that they dare not accept the challenge, for the reason that their cause will not bear the test of investigation. The Republican candidates are not the men whom the masses of this great State would have to act as their servants—they do not represent and embody the right kind of principles to suit the great mass of voters, composed of farmers, mechanics and laboring men, and who are opposed to forced Chinese competition; to the subsidy schemes which have been encouraged and fostered by the Republican party; to the onerous taxation, State as well as Federal, that would be imposed upon them if that party should gain control of the next Legislature; to the infamous legislation in the last Congress towards the Southern States; to the military control of elections practiced, and sought to be continued, and to enforce which, for party purposes, a law has been passed by Congress, and signed by Dictator Grant. We say the great body of citizens in this enlightened day want not public servants who favor these things, as the Republicans have heretofore done, and for that reason are likely to do again; but rather, they want candidates who, if elected, will truly represent their ideas, work for their interests, carry out the principles of true republican liberty and real democratic government. The Republicans who dare not accept the challenge extended to them know full well that they cannot cope successfully with Democrats, for the reason above stated, and hence they shirk public criticism, preferring not to talk to the people of both parties openly and above board, side by side with Democratic aspirants for the same positions as themselves. The past acts of their party will not bear the light of day, and we do not wonder that they dare not come out and make a square fight before the people. On the other hand, Democrats court discussion, knowing full well that their strength lies in the justice of their cause, and that all that is necessary for its espousal by the masses, is that they be shown the difference between good honest government as practiced by Democrats in this State, and the rotten, corrupt system of the Radical party as exemplified in the National Administration. For these reasons, and that the people may have an opportunity to judge of the candidates before them, we would like to see joint political discussions everywhere.

DEMOCRATS, AROUSE!—On Tuesday evening next our standard bearer, Governor Haight, and Attorney General Hamilton, will address the people at Woodland. Possibly other eminent Democrats from abroad will also be here to talk to us on that occasion. Let us make that meeting a rouser. That it will be, is known beforehand, for the people are alive on the political issues of the time. They will come, Republicans as well as Democrats, from all parts of the county, to hear those eloquent and distinguished speakers, for they want to know and to hear from their own lips what they have to say. In Governor Haight the people of this commonwealth have confidence, and wherever he goes in the present canvass the multitude are eager listeners to the words of truth, practical, earnest truth, as exemplified during the last four years of his administration. Republican friends, you are all earnestly invited to attend the meeting on Tuesday evening next. Democrats, turn out, every man of you who shall hear of it, and let us make this such a meeting as was never before witnessed in Yolo County.

CANDID ADMISSION.—There is once in a while a Republican paper of standing that has honesty and candor enough to let the people know how and why they are being so shamefully robbed by the party they represent. Light on this subject coming from them has far greater weight with our Republican friends than if it originated with the Democratic press. The New York *Post*, one of the most respectable of the Administration papers says:

"The Government now collects by taxation $100,000,000 per annum more than it needs for current expenses, including the interest on the debt. This vast surplus of two millions of dollars every week is a perpetual temptation before lobyists and Congressmen, and is the main incentive to every extravagant scheme. So long as it continues to be collected, all the resources of human ingenuity will be employed to bring about the use of it for the promotion of private schemes by grants, subsidies, local improvements, new offices, increased salaries and general wastefulness."

BRILLIANT SPEAKERS.—Our party is decidedly fortunate in having candidates upon the State ticket who are, almost without exception, good orators. This makes a wonderful difference in the conduct of the campaign. We may mention Gov. Haight, Lewis, Brown, Hamilton, Fitzgerald and Laspeyer on the State ticket, besides Coffroth, Pearce, Pendegast, Comte and a host of others in different parts of the State; and in our own county we have in Judge Johnson, Senator Minis, Judge Henry, Hon. J. Lambert, Col. Harper, Supervisor Ed. Roberts, J. C. Ball, Esq., J. W. Snowball, Esq., and many others we might mention, an array of talent that will make a canvass sufficiently hot for their opponents during the next few weeks.

GERMAN CLUBS.—German Democratic Clubs have been formed in Sacramento and San Francisco. The blowing of the Radicals about the Germans all being Republicans is given the lie direct in this action. With such a leader as Senator Carl Schurz has shown himself to be; with the example he set in Missouri, aided by Gratz Brown and others, in wresting the control of that great State from the Administration vultures who were eating out its very vitals, and which example is still before the Germans of California, our citizens of that nationality are not going to sit idly by and allow this State to pass into the hands of the Radicals. We consider statements to the contrary a slander upon their intelligence.

THE GOVERNOR'S SPEECH.—We publish a synopsis of Governor Haight's great San Francisco speech on our first page. He was listened to by an immense throng of interested voters. There were estimated to be present at the meeting ten thousand people, most of whom were filled with enthusiasm for the Democratic cause and its candidates. The meeting, in point of numbers far exceeded the Booth meeting of two nights before. This is admitted by the Radical papers. That great meeting settles beyond a doubt how San Francisco will go in September next.

YOLO FRUIT SENT EAST.—We see by the Sacramento papers that Hon. Chas. F. Reed of this county, last week shipped two car loads of fruit to the East—one consigned to Chicago and the other to New York.

Booth and His Platform.

To show up Booth's inconsistency on the Chinese part of the Radical platform it is only necessary to give his own words. He convicts himself as clearly as it is possible for a person to do so. In order to place the record he has made on this question before the people, the *Examiner* has been delving among its files, and makes for Mr. Booth a very bad showing. In 1867, George C. Gorham, who was then a candidate for the Gubernatorial nomination at the hands of the Republican Convention, which he subsequently received, wrote a letter to Thomas Gray, President of the Anti-Coolie organization, in which he said:

"As a question then of right and wrong, I am as emphatically opposed to all attempts to deny the Chinese the right to labor for pay, as I am to the restoration of African slavery whereby black men were compelled to labor without pay. This is with me an earnest conviction, the expression of which I have no desire to avoid. As a question of policy, I am equally opposed to your movement.

* * * * * * * * * *

"Now that we have succeeded in breaking down the China wall *let us not hasten to erect an anti-Chinese wall at home.* The question of cheap labor I will not here discuss, *but it seems certain to me that if we could have it in abundance*, the State would go forward at such strides as would make prosperity general among all deserving classes. *Principle and policy, then, both forbid the attempt to make war upon our Asiatic brethren.*"

Two weeks after this was written Booth was nominated for the Senate by the Republicans of Sacramento, and thus defined his position:

"Placerville, June 5th:—James McClatchy: I am opposed to the election of Conness, but will not make a personal pledge that I would not vote for him under any circumstances. *Gorham's letter expresses my sentiments on the Chinese question. If that is satisfactory, I accept, otherwise not.* NEWTON BOOTH."

In his speech before the recent Convention in Sacramento, accepting the nomination for Governor, Booth said:

"Sir, the Republican party needs no 'new departure.' [Applause.] It stands upon its history. It has written no chapters that it desires to tear out. Every page is emblazoned with glory. Let the record stand, the party will stand by the record."

HOW BOOTH WAS NOMINATED.—A correspondent of the Napa *Reporter*, relates the following little story, illustrative of how the "God and morality party" manages matters:

A few days before the Radical State Convention was held a gentleman from Napa county was on a visit to Lower Lake, and among others he met a delegate to the Republican Convention. The question was asked who they would nominate for Governor, whereupon the delegate strongly avowed his intention of voting for Selby, and expressed his belief that he was the strongest and best man in the State. In two or three hours afterwards, these two being still in company, were joined by a distinguished gentleman from San Francisco, who traveled hither for the purpose of giving the delegates three hundred dollars to vote for Booth in the Convention. The delegate did not hesitate a moment when the latter had announced his mission, but quietly took fifteen twenties, signed a pledge to vote for Booth, in the presence of Mr.——, of Napa. This, I doubt not, is the way by which many votes are obtained, and is a fair specimen of Radical electioneering. Who will say Mr. Booth is not the choice of the people?

"OVERLAND MONTHLY."—The August number of this magazine is received, and appears from a glance at its contents, to be as good as its predecessors. We notice the absence of several of the old writers in this number. The contents are as follows: An Early Hero of the Pacific, Rev. T. Somerville; Auctions and Auctioneers, N. S. Dodge; The Disappearance of Robert Fairway, John Armstrong, Jr.; Two Pictures, C. D. I.; Some Suggestions for a Book, Leonard Kip; Bermuda, M. L. H.; Vinnie Ream, E. G. Waite; Mining on the Pacific Coast, Henry Degroot; The Darwinian Eden, M. G. Upton; Beyond, M. W. B.; Ideal Womanhood (No. 3), Mrs. Sarah B. Cooper; Harry Meiggs in Peru, Charles A. Wetmore: How I Got the Pirate's Treasure, F. F. Robbins; In Adversity, Ira D. Coolbrith; The East at Yosemite, Prentice Mulford; Current Literature, Etc.

AT MARYSVILLE.—We learn from the *Standard* that the Democracy had a rousing meeting at Marysville on Thursday night, the occasion of the appointment of Messrs. E. J. Lewis, candidate for Lieut. Governor, and W. B. C. Brown, candidate for Secretary of State, and which was addressed by those gentlemen, the former speaking about an hour and a half and the latter half to three quarters of an hour. In point of numbers it was fully equal to that of Sargent even in that heretofore Radical stronghold. Messrs. Lewis and Brown were announced to speak in Woodland this evening, but arrangements having been previously made for an excursion to attend the Sacramento mass meeting to night, their appointment has been deferred.

A PERPETUAL MOTION.—The Seneca Falls, (N. Y.) *Reveille* of last week says:

A son of Isaac Bishop, living near Ovid, about thirty years of age, has whittled out a wheel that will run until worn out. A rather singular coincidence, that about the same date with the above, a man living near Berrytown has also produced a self-running machine. It may be held fast by the hand, and upon relaxing the hold will start off itself, and gradually accelerate until it gains its maximum rate of speed. It is thought by those who have seen it that it can be applied to an almost endless variety of uses, and is consequently worth millions of dollars to the inventor.

"AN HONEST ADMINISTRATION."—A cotemporary says: The usual tenderness on the part of the Government to Radical defaulters is to be extended to General Lawrence. This good partisan is welcome to steal all he can carry off, has already cost the Baureau of Internal Revenue $3,000,000. There is Baily, whose half million of plunder supports him in good style at Montovideo; Speers of Kansas, whose theft of $158,000 was compromised at ten cents on a dollar by Senator Pomeroy and Representative Clark; Macartney, who is allowed to go insane for $35,000, with his predecessor Omistead; and, last of a list too long to mention individually, Gen. Lawrence, whose $47,000 robbed from the widows and orphans is considered such a mere bagatelle that there is already talk of summoning him back from his Texan retreat to take office again under this economical and honest Administration. The quality of Executive mercy is truly not strained. It has fallen like the gentle dew from heaven upon the bigamous Bowen restored him to the head of one of his wives and a seat in the council of the nation; and it is competent to pardon the thievish Gen. Lawrence and reinstate him in a position to again serve his country and plunder its pensioners.

THE OLD MISSION.—Nearly a century ago, says the Los Angles *News*, the bells of the Mission San Gabriel have called generations to prayer, rung out merry chimes at wedding festivals, and solemn knells at funerals. The visitor to Los Angles valley who neglects to visit this venerable pile wilfully fails to see the most interesting relic of antiquity existing within the borders of the country. With its paintings moldering from age, and its ever burning light before the alter, not to speak of its situation among the orange and olive groves, it presents more points of interest than any similar institution on this coast. A shingle roof, recently supplanting the old covering of the baked tiles, while it detracts from the peculiar appearance of the institution, doubtless adds much to the solid comfort of the inmates.

WHO IS HE.—The *State Right's Democrat* (Oregon) thus answers the above question:

In reply to the question of "What sort of a man is a country editor?" it would not be inappropriate to state that he reads newspapers, writes on most any subject, sets type, reads proofs, folds mail, runs errands, saws wood, draws water, works in the garden, talks to all who come, is blamed for a hundred things which are nobody's business but his own, works from 5 A. M. till 10 P. M., helps people into office (who forget about it afterward) and frequently gets cheated out of half his earnings. He puffs and does more to build up a town than any other person, and the miser and fogy are benefited thereby, yet they will say the editors paper is of no account, will not advertise or take the paper, but borrow it. Who woulden't be an editor?

HECLA AND VESUVIUS.—It is a long way from Hecla, in Iceland, to Etna, in sunny Sicily. Yet scientific men tell us that there is little doubt that these two volcanoes are connected by a natural subterranean passage of communication. There are good reasons for this belief. The great internal earth-pulse beats simultaneously in each. Etna sympathizes, and Hecla never shows symptoms of eruption without some throbbing in Etna. Ancient and gigantic twins are they, standing for ages widely separated, but holding mysterious communication in an unexplained labyrinth, a fiery artery, through which their hot blood flows and mingles.

ADDRESS

TO THE

NERVOUS AND DEBILITATED,

Whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable: If you are suffering, or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart.

How many men, from the effects of excesses, have brought about that state of weakness in Sexual Organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble is scarcely ever suspected, and have used remedies for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Sexual organs, whether existing in Male or Female, from whatever cause originating, and no mater of how long standing.

If no treatment is submitted to, Consumption or insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness and that of posterity depends upon prompt use of a reliable remedy.

CARRIAGE AND WAGON

MANUFACTORY!

CORNER MAIN AND FOURTH STS.,

Opposite Gas and Water Works,

WOODLAND, CAL.

LIVERYMEN, FARMERS

AND TEAMSTERS

Will find my make of BUGGIES, SPRING and LUMBER WAGONS, the best in any market for their use.

REASONS WHY:

BECAUSE they have as good if not the best reputation at home. Each Wagon is perfect in all its parts.

BECAUSE my prices are as low as the lowest for first-class work.

BECAUSE I can furnish the highest home testimonials as to their durability and lightness of draft.

BECAUSE none but the best and most experienced mechanics are employed in their construction.

BECAUSE they are built upon scientific principles, combining the greatest strength with lightness of draft.

BECAUSE wherever introduced they are generally preferred by Liverymen, Farmers and Freighters.

BECAUSE they are made for a very DRY CLIMATE, and from that fact are far superior for service to those built in more moist or damp parts of the country.

BECAUSE I give rules for taking care of carriages.

First—The carriage-house should be apart from the stable, as the ammonia arising from horse manure will in a very short time destroy the varnish on a carriage, and then the owner ignorantly charges the carriage maker with using inferior varnish.

Second—In washing a buggy cold water should be used freely, so as to remove the dust and mud before using the sponge and chamois skin.

Third—Never turn the hose under or on the seat, for the water will loosen the canvass and glue, and cause the corners to give way and the body to go to pieces.

Fourth—To preserve the wood and save expense, the carriage should be kept thoroughly painted and varnished.

Fifth—I am better prepared than ever, to Paint, Ornament and Varnish Carriages, Wagons, etc. I have in my employ the best of buggy painters, and use none but the best articles of paints, oils and varnishes; the above in connection with my Paint Shop and Varnish Rooms, which are as good if not the best on this Coast, being hard finished and free from dust. I can, and have turned out as smooth, clean and nice finished jobs as can be done in the State.

Sixth—Those wishing to get their buggies, carriages, etc., repaired and painted, will do well to call at my shop and examine my superior advantages over other shops. I am willing to abide by the injunction, "by their works ye shall know them." I am willing that my work shall praise me; I ask no other endorsement. This endorsement I have had in past years; this I expect to merit and maintain in the future.

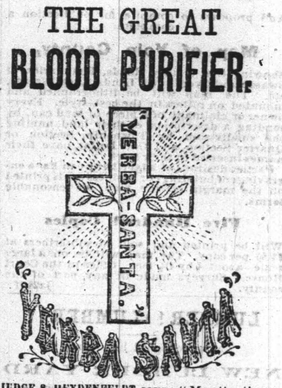
THE GREAT

BLOOD PURIFIER.



JUDGE S. HEYDENFELDT says: "My attention was called to it about eighteen months ago, when I had been suffering with rheumatism for more than a year, and had failed to find relief from other remedies. The YERBA SANTA relieved me entirely in two days. Some ten or twelve cases of Rheumatism, two cases of Gout and two cases of Neuralgia have been relieved within my immediate knowledge." R. H. SIMON says: "I fully concur with Judge Heydenfeldt in regard to the curative powers of YERBA SANTA. I have myself used it, and take pleasure in recommending its use to those afflicted with Rheumatism in any of its forms." T. J. JENKINS, M. D., (Physician to Butte County Hospital,) says: "I have used YERBA SANTA for some years in my private practice as physician. I have found it invaluable in cases of Chronic Rheumatism, and of much benefit as an alterative BLOOD PURIFIER and tonic." FRANK MATHEWS, of Oroville, says: "Some years since, I was a martyr to Rheumatism, crippled in hands and feet, unable to move except with crutches, at all times suffering great pain. I was induced to try YERBA SANTA, and I soon experienced great benefit from its use. I am at present in a strong and healthy condition, and I recommend it to those who are afflicted as I was to try it." CHAS. WALDYER, of Cherokee, Butte county, states: "For many years a sufferer from Rheumatism in its most painful type, and in vain until I was induced to try the YERBA SANTA, when I found perfect restoration to commence it to health, and in all cases where I have recommended it to my many friends, the cure was the result, perfect, a speedy and permanent cure of its use." J. E. ROBERTS, of San Francisco, says: "I had for three years been afflicted with Rheumatism, to such an extent that in all that time I was unable to do any work. I was at last induced to try YERBA SANTA; after using two bottles I was completely cured, and am now as well as I ever was in my life." M. H. DARRAUH (County Clerk of Butte county,) says: "I have seen much of the beneficial effects of YERBA SANTA in Scrofula, also in Salt Rheum, Rheumatism and Neuralgic affections. I believe I know of no instance where it has failed to cure." YERBA SANTA completely restores the system when impaired by disease, revives the action of the kidneys, and radically cures scrofula, Salt Rheum and all eruptive and cutaneous diseases. This PURELY VEGETABLE, being made from an herb indigenous to California. It is therefore peculiarly suitable for use by Females and Children, as a Blood Purifier and Renovator. YERBA SANTA is for sale by all dealers in family medicines.

BEFORE THE CLUB.—The Democratic Club meeting at Washington Hall, last Saturday evening, to which the public had been invited, was largely attended, the seats being all or nearly all occupied. Col. Harper made a very neat and telling little speech to the audience in which he showed up the inconsistencies of the party calling itself Republican, and presented the issues between the two parties in the canvass in a thorough and able manner. Judge Johnson followed with some appropriate remarks in his ever ready and impressive style. W. A. Henry and Mr. Moutre also responded to calls made upon them and gave their views upon certain questions. The meeting was a rousing one and we hope they will be kept up hereafter.

SUPERVISOR CONVENTION.—The Democratic Convention for the nomination of a Supervisor in the First District will assemble at Washington to-day, Saturday, July 29th, at 4 o'clock P. M. As there has been some fault found in the distribution of the county offices, we hope the candidate for Supervisor will be taken from the river. If this is done, and he be a first-class man, we believe he will be elected. If the candidates work harmoniously and thoroughly, we can elect a Supervisor in the First District, and it ought to be done. The nomination will be looked for with a good deal of interest.

TEACHERS FOR THE PUBLIC SCHOOL.—The following teachers have been engaged for the next school year by the Trustees of the Woodland Public School: Principal, Mr. Templeton, late Principal of the Sacramento High School, at a salary of $1,000 for 9 or 10 months as may be determined hereafter; First Assistant, Mrs. Rosboro', salary $70 per month; Second Assistant, Miss Freeman, who will have charge of the West End school, salary $60 per month; Third Assistant, Miss Selina Ruggles, primary department, salary $60 per month.

GERMAN DRAMATIC PERFORMANCE.—The Woodland Turn Verein Society will give a public Dramatic and musical entertainment at Washington Hall, on Monday evening, August 7th. The Society contains considerable dramatic talent and will without doubt present a very pleasing programme. Mesdames Schwalm and Eidinger are announced to take part in the performance, with Messrs. Hummel, Knox, Kaufman, Pfisterer, Schiner, etc. We trust our people will give the Turners a liberal patronage.

WATCH PRESENTATION.—On Sunday last the section men on this division of the California P. R. R. presented the road master, J. R. Sullivan, with a very fine gold watch, valued at $300. Of course there was a presentation speech, a reply by the fortunate and popular recipient and the usual accompaniments of such occasions in the shape of refreshments. Mr. Sullivan is very popular with all the men on the section, who have taken this method of showing their esteem for him.

COUNTY COURT.—Court was in session on Monday last, and the following business was transacted:

J. A. Stikes vs. California Pacific Railroad Company—Plaintiff nonsuited; judgment in favor of Defendant for costs.

R. M. Bennett vs. Dresbach & Company—Continued.

David Baylis vs. R. M. Bennett—Argued by counsel and submitted.

EXCURSION TO SACRAMENTO.—An excursion train will be run from this county to carry those desirous of attending the great Democratic meeting at Sacramento this (Saturday) evening, July 29th. The train will leave Knight's Landing at 6½ P. M., sharp; Woodland at 7; Davisville at 7:45. The train will return the same evening after the speaking is over. We expect to see a great outpouring of the Democracy. Fare only 50 cents for the round trip.

LUCKY.—The ticket which drew the $10,000 prize in the Sacramento Pioneer Gift Concert lottery was owned by a poor woman who supports her family by washing. It cost her $2.50. Who wants to try their chances in the Woodland scheme for a prize for a similar investment? There are 1,143 prizes to be distributed, ranging from $20 up to $20,000. The drawing is announced to take place on the 16th of August.

SEA LION.—G. E. Sill, Esq., who has been on a visit to the sea side at Tomales Bay for several weeks returned a few days ago bringing with him the skin of a monster sea lion, estimated to weigh about 200 pounds, shot by him with a Henry rifle. It is being stuffed for preservation.

CHARACTERISTIC.—The *Mail* quotes from its files of the DEMOCRAT of 1863, to make a point of some kind, in which of course it fails, as usual, but studiously avoids letting its readers know that this paper was not then under the control of the present editor. What next?

JOINT DISCUSSION.—We would like to see an arrangement made by the candidates on both county tickets to make a joint canvass of the county. That is what the people desire, and it would be the most effective way of doing the work sought to be accomplished.

NEW SCHOOL HOUSE.—Work has been commenced on the new brick school house upon the site selected east of Elliott's carriage shop. The location could not have been bettered, and when the building is completed Woodland will have first-class school facilities.

PIERCE AND COGHLAN.—Readers will please bear in mind that the candidates for Congress in this District, Messrs. Coghlan and Pierce, will be at Woodland on the 26th of August, when both will address the people on the political issues of the day.

WATER WORKS.—It has been determined to sink the well lower by some fifty feet and the borer is now at work.

A Question Answered.

[The following communication was intended for our last issue, but did not come to hand in time:]

EDITOR YOLO DEMOCRAT:—On arriving in Woodland yesterday, I was asked by a member of the Republican party, if I had promised to vote for G. N. Freeman, and use my influence for his election to the office of Superintendent or Com. Schools if nominated for that office? I was not a little surprised at the question, and enquired why he asked it. Whereupon he told me that this story was freely circulated in the Republican Convention, and turned the scale between the two rival candidates for that office. Now, so far as the effect upon the Republican ticket is concerned, I have nothing to say, for I know from experience that G. N. Freeman can be beaten for that office. But since it places me in a false light before the public, I feel called upon to pronounce it false in every particular, for I did not know that Mr. Freeman was again an aspirant for that office, but supposed that one trip up Salt River satisfied that gentleman's office-seeking propensity. But I suppose the Republicans have been improving the navigation of that stream lately, and he expects a jolly good crowd this trip, so he has concluded to try it again. For the satisfaction of my Republican friends (for my Democratic friends know it), I will say that I heartily and cheerfully acquiesce in the action of the Democratic Convention, for they nominated a ticket that any man might feel proud of helping to elect. As for Mr. Edwards and myself, there never was any other than the most kindly feeling existing between us, and the energy that he exhibited in securing his nomination is a sufficient guarantee that he has the snap about him to discharge the duties of the office with promptness and dispatch, and the large majority that he will roll up against his opponent next September will be still farther evidence that I am not the only one who thinks so. R. R. DARBY.

ADMITTED TO CITIZENSHIP.—Thus far during the month of July, the following persons have been admitted to citizenship: July 6th, M. Marks, Germany; July 12th, Carl T. Beck, Germany; July 13th, Thos. D. H. Jasper, Great Britain; C. Immanuel Mast, Frederick Scholler, Wurtemburg, Germany; July 14th, Charles Henry Bork, Prussia; July 15th, Jeuste Miville, Det Dechenne, Great Britain; July 17th, William S. Spence, England; Elias Haines, Prussia; July 24, Christopher Leiber, Germany; Daniel Benmerly, Germany; Herman Julius Brode, Saxony; Louis Cryte, Great Britain; July 25th, Claus Sievers, Hanover; Otto Schluer, Hanover; John Thomas Lewis, England; Frederick Schultz, Hanover. The Court will be in session for the purpose of naturalization, to-day.

THE Cosmopolitan Benevolent Society of Nevada City, California, offers the best inducements, to persons desirous of purchasing tickets, of all the similar enterprises now before the public. They are determined to make it a complete success and give a full distribution of their prizes to the entire satisfaction of their patrons. Secure your tickets before the 4th of September, as the drawing is advertised to take place on that day. Who will be the lucky ones?

NEW PHOTOGRAPHER.—Mr. H. H. Frye has fitted up the photograph gallery a few doors east of the Hunter House, and is prepared to do all styles of work in his line in a perfectly satisfactory manner and at reasonable prices.

CIRCUS.—The New York Circus paid our town a visit on Monday last and performed to a fair audience. We learn the performance gave very good satisfaction.

SUGAR CURED HAMS.—We call attention to the advertisement of Platt & Newton of San Francisco, who are selling the nicest hams in the market.

For the very best Photographs, go to BRADLEY & RULOFSON, No. 429 Montgomery Street, San Francisco. ☞ Closed on Sundays. ☜

MARRIED.

At the residence of the bride's father, Dr. M. Canterbury, in Knight's Landing, July 6th, by the Rev. James Kelsay, Mr. James P. Ashby to Miss Avie E. Canterbury, all of Knight's Landing.

By the same, at the residence of Mr. E. Willet, in Knight's Landing, June 28th, Mr. Lorenzo Osmer to Mrs. Harriet E. Gilt, all of Yolo County, Cal.

SPECIAL NOTICES.

ALL powders and outward applications close up the pores of the skin, rendering it harsh, coarse and flabby, and in a short time destroy the complexion. If you would have a Fresh, Healthy and Youthful appearance, purge the system thoroughly. Use Holmbold's Grape Pills and Holmbold's Sarsaparilla which purifies the complexion. Beware of those cheap patent pills, carlessly prepared by inexperianced persons—vended in wooden boxes—most of which contain either calomel, mercury or other deleterious drugs.

SUCCESS is properly regarded as the surest proof of merit. Previous to 1867, the Sale of Dr. Walker's California Vinegar Bitters were only so much as could be carried about San Francisco in a basket by one person, who left the medicine on trial. Since that time, this standard remedy has made its way to every hamlet in the Pacific States, and is now extending its sales with equal rapidity in the Atlantic and Middle States. The sales are now over $50,000 a month. And for all diseases of the stomach, liver, kidneys, bladder, skin, or blood, the Bitters are a certain remedy.

A FEW WORDS TO THE LADIES.—Many ladies, particularly mothers nursing, complain of a tired, listless feeling, or complete exhaustion on rising in the morning. On the wife and mother devolves the responsibility of regulating the duties of the household. Her cares are numerous, and the mental as well as the physical powers are frequently called into requisition. She often finds her slight occupation a weary task and existance a burden, while at the same time she has no regular disease. Hostetter's Stomach Bitters, if resorted to at this period, will prove an unfailing remedy for this annoying lassitude. The effects of this potent agent are soon seen in rosy cheek and elastic step of the head of the family, as with restored health and renewed spirits she takes her accustomed place in the family circle. If this friend in need be regularly used, those depressing symptoms will never be complained of, and not only would lassitude not be experienced, but many diseases following its advent be avoided. As a medical agent it has no equal, while its pleasing flavor and healthful effects have made it a general favorite. It is free from all properties calculated to impair the system, and its opperations are at once mild, soothing and efficient. All who have used the Bitters attest its virtues and commend it to use.

THE present indebtedness of the State of Texas is estimated at $7,000,000. When the government passed out of the hands of Texans into those of carpet-baggers, it was out of debt, and had over two millions on hand.

AMONG the passengers by steamer from Mexico, is Senor Jose Correscoso, owner of the great mine of Toppia in Sinaloa, whose monthly income is over $200,000. He is here for the first time, and goes overland to New York, hence to old Spain.

A HERD of 250 buffaloes were recently driven into the Missouri river, near the Whetstone Indian Agency. A few reached the left bank in safety, a few others were killed in the river, and the remainder of the herd were drowned in the stream, which at that time was swolen by a flood.

THE Hinds county, Miss., *Gazette*, in answer to an inquiry, what has been done for that region by New England educators? suggestively answers that they have bought $24,500 worth of Yankee school desks, and charged the State $49,000 for them. This shows how far Missisippi is behind in real practical education.

Two of Bonner's horses did some fast trotting last week. 'Bonner" made half mile a under saddle in 1:05¼—the fastest half mile ever trotted by any horse; and "Startle" made a mile in 2:20¾, carrying fifty-three pounds over the rules of the track. It is believed he is the best four-year-old that has appeared on the turf.

THE State of Missouri has one million seven hundred thousand inhabitants, and but two Senators and nine Representatives in Congress. The New England States have a little upward of three million of people and twenty-seven Representatives and twelve Senators. What does New England say of Stat rights in view of such statistics?

OUT of 307,000,000 people carried on English railroads in 1869, only 17 were killed, by causes beyond their own control and it is estimated that while in the streets of London one-hundred-thousand persons were killed the orange peel on London pavements kills more people than all the English railroads.

THE Radical press is making a great fuss about a statement published, to the effect that half of the defalcations of the revenue department are made by men appointed by President Johnson. This is easily accounted for, for Andrew Johnson did not have the power of appointing Democrats, but was compelled to appoint Radicals. It is well known that the Senate would not confirm an officer of his appointment unless he was Johnson's enemy. The defalcations are blameable upon the Radical Senate alone, and not upon Mr. Johnson.

AFTER ten years of Radical rule, says the Lynchburg (Va.) *Republican*, the condition of the country may be partially stated as follows: A public debt of over two thousand four hundred millions; a standing army, costing thirty millions a year; a second army, composed of the most unscrupulous plunderers that ever cursed any country; elections controlled by military force, and State governments administered against the will of the people; negroes armed with the ballot, whilst hundreds of their former masters are disfranchised; and the whole presided over by an embecil President who is rarely at his post, and wholy powerless for good when not absent.

THE PARDONING OF BOWEN.—The New York *Sun*, a Radical paper, denounces, in strong terms, the pardoning of the Congresional bigamist, Bowen, by the President. It say:

President Grant pardons Bowen the bigamist. This is wrong. Bowen's crime has no excuse. He is a wretch without mitigation, and has added to bigamy fraud and forgery, and we know not what other crimes.

We are in favor of mercy to convicts where it is deserved. But in this case it isnothing but an encouragement to crime. We hope President Grant will yet realize the heinousness of his act.

ANOTHER REPUDIATOR.—The New York *Tribune*, which exerts more influence in shaping the policy of the Republican party than all the politicians of all the States of the Pacific Coast, repudiates the anti-Chinese resolution adopted by the Republican State Convention of California. It says:

"The California Republicans have nominated Newton Booth of Sacramento, a lawyer of considerable culture, and long pledged to relentless hostility to the Central Pacific Railroad Corporation, now the overshadowing monopoly of the State. The platform of the party, naturally enough, pronounces against railroad subsidies, and unwisely denounces further Chinese immigration and calls on the Government to abrogate the United States Treaty with China. If there is one thing more than another which promises great things for the trade and commerce of California, it is the continuance of amicable and close connections with China. But, for the poor purpose of currying favor with the multitude of the baser sort (who never vote the Republican ticket), the California Republicans have 'taken a new departure,' which will grieve judicious friends in and out of the State."

UNDER the head "A startling Eye-Opener," the Omaha *Herald* gives a chapter of the history of Radical rule in that State for the last four years. The school fund is gone: "It has been squandered upon political favorites feloniously, in gross violation of both the criminal and civil statues of the State." The school lands have been stolen in the same way: "The Republican party is solely responsible for the wrongs and robberies which have wasted these possessions upon vagabonds and adventurers who have rioted in the spoils." Next come the hideous frauds in the erection of public buildings at Lincoln: "The asylum stood at the head of these infamous transactions; it cost the State hundreds of thousands and the burning alive of one or more of its insane inmates. No one doubts the purpose of its destruction by fire. It was, first, to prevent its falling down of its own weight, and, secondly, to remove from the gaze of men a monument of State fraud and corruption which told its own story to every man who beheld it. The capitol abortion ranks in the category of State swindles, and the university comes next—what appears to be a permanent and good building, save the foundation, which was put in against the protest of Silver, the architect. Men of sound judgment believe that both buildings will fall in the course of time, and we believe the fact. Fifty thousand dollars are now due Silver on that building, which will prove worthless, unless $10,000 are expended in putting beneath it something besides sandstone for a foundation."

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm**, and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility,** and **Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

State of California---Department of State.

I, H. L. NICHOLS, Secretary of the State of California, do hereby certify that the annexed is a true, full, and correct copy of Chapter Four Hundred and Forty-four, Statutes of California, Eighteenth Session; approved April 2d, 1870, now on file in my office.

Witness my hand and the great seal of State, at office, in Sacramento, California, the 25th day of May, A. D. 1871.

(SEAL.)

H. L. NICHOLS,
Secretary of State.

AN ACT

To provide for the payment of the funded indebtedness of the State of California, and to contract a funded debt for that purpose.

[Approved, April 2, 1870.]

THE PEOPLE OF THE STATE OF CALIFORNIA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. For the purpose of liquidating and providing for the payment of the funded indebtedness of the State of California hereinafter specified, and to lessen the burden of taxation, the Governor of the State, the Controller of State and the Treasurer of State, and their successors in office, shall constitute a Board of Commissioners, to be styled the Loan Commissioners of the State of California, and shall have and exercise the powers and perform the duties hereinafter provided.

Sec. 2. The said Loan Commissioners are hereby authorized to issue and sell not exceeding three millions seven hundred thousand dollars of the bonds of said State, bearing interest at the rate of six per cent. per annum, which interest shall be payable semi-annually, in gold coin, on the second days in January and July in each year, at the office of the Treasurer of State. The principal of said bonds shall be made payable in gold coin within twenty years after the date of their issue, and shall be of such denominations as the said Loan Commissioners shall direct, but not less than five hundred dollars; shall bear the date of their issue, and shall be signed by the said Loan Commissioners, and shall have the seal of the State affixed thereto; and the faith of the State of California is hereby pledged for the payment of said bonds and the interest accruing thereon as therein provided.

Sec. 3. Coupons for the interest shall be attached to each bond so that they may be removed without injury or mutilation to the bond; said coupons, consecutively numbered, shall be signed by the Treasurer of the State.

Sec. 4. Before the sale of any of said bonds the said Loan Commissioners shall cause notices of such sale to be published, for the space of one month in three daily newspapers published in English, one in the City of New York, one in the City of London, in England, and one in the Capital of the State; in and for the space of one month in a daily newspaper published in French, in the City of Paris, in France, and for the space of one month in a daily newspaper published in German, in the City of Frankfort-on-the-Main, in Germany. Such notice shall specify the amount of bonds to be sold, the rate of interest they shall bear, the day and hour of sale, which shall be at the State Capital, and that sealed proposals will be received by the said Loan Commissioners for the purchase of such bonds. Within one month from the expiration of such publication, and on the day and hour named in said notice, the said Loan Commissioners shall open all sealed proposals received by them, and shall award the purchase of said bonds to such bidders as will, in their opinion, make the most advantageous bid for the State; *provided*, that said Loan Commissioners may reject any or all bids, if they deem it to the advantage of the State; and *provided* further, that they may refuse to make any award unless sufficient security shall be furnished by the bidders for the compliance with the terms of their bids; and *provided* further that said bonds shall not be sold at less than ninety-one cents on the dollar, in gold coin, par value.

Sec. 5. It shall be the duty of the Treasurer and Controller of State each to keep a separate record of all bonds sold under the provisions of this Act, showing the number, date, amount and rate of interest of each bond, and to whom the same was issued.

Sec. 6. The sum of one thousand dollars is hereby appropriated out of the General Fund for the payment of the expense that may be incurred by the Loan Commissioners in having such bonds prepared and said notices published.

Sec. 7. The proceeds of such bonds shall be paid into the State Treasury and shall be applied to the payment of the following bonds, in the order of their issuance:

First—The outstanding bonds issued under the Act entitled an Act to provide for certain equitable claims against the State of California, and to contract a funded debt for that purpose, approved April twenty-eight eighteen hundred and fifty-seven.

Second—The outstanding bonds issued under the Act of eighteen hundred and sixty.

Third—the outstanding soldiers' relief bonds.

Fourth—The outstanding soldiers' bounty bonds.

Sec. 8. All persons having any of the bonds specified in section seven of this Act shall, upon presentation of such bonds to the said Loan Commissioners, be entitled to exchange them at their par value for bonds authorized to be issued under this Act, at the rate of ninety-three cents on the dollar, par value, but no bond shall be issued for a less sum than five hundred dollars, nor for a fractional part of a hundred dollars, but the said Loan Commissioners may issue certificates of such fractional parts not bonded, which said certificate shall be transferable and entitled to be paid out of the proceeds of the sales of any bonds provided for in section seven of this Act. The Loan Commissioners shall cancel each bond so exchanged, and shall indorse on such bond the date on which they received the same, and from whom, the number and amount of the bond issued in exchange therefor, and shall file such bond in the office of the Secretary of State.

Sec. 9. Whenever there shall be in the State Treasury, from the proceeds of the sale of bonds issued under this Act, a sum of ten thousand dollars or more, it shall be the duty of the Treasurer to advertise in two newspapers, printed in English, one in New York and one in the Capital of the State, for two months, which advertisement shall state the amount of money in the treasury applicable to the redemption of bonds, and the number of bonds, numbering therein the order of their issuance, which are redeemable; and three months from the date of the expiration of such advertisement, such bonds, unless sooner paid, shall cease to draw interest, but the money for the redemption of such bonds shall remain in the treasury to pay such bonds whenever presented.

Sec. 10. For the payment within twenty years of the principal and interest of the bonds issued under this Act, there shall be and is hereby levied annually, after the bonds have been issued under this Act, such rate of tax on each one hundred dollars of the assessed value of real and personal property in the State, to be computed by the Controller of State on the basis of the assessed value of such property for the preceding year, as shall produce annually, for the first five years, seven per centum of the amount of such bonds issued; for the next ten years thereafter, twelve per centum of the amount of such bonds issued, and thereafter, until all the bonds issued under this Act are paid, fifteen per centum of the amount of such bonds issued. The Controller shall certify the rate of tax thus computed by him to the several County Auditors, and the said Auditors are hereby directed and required to enter such rate on the assessment rolls of their respective counties, in the same manner and with the same effect as is provided by law in relation to other State taxes. Every tax levied under the provisions or authority of this Act is hereby made a lien against the property assessed, which lien shall attach on the first Monday in March in each year, and at all not be satisfied or removed until such tax has been paid. All moneys derived from taxes authorized by the provisions of this section shall be paid into the State treasury, and shall be applied—

First—To the payment of the interest on the bonds issued by the provisions of this Act.

Second—To the payment of the principal of such bonds.

Provided, that all moneys remaining in the State treasury on the third day of January, in each year, for the first five years after the issuance of any bonds under this Act, after all the interest on such bonds then due has been paid, shall be transferred by the Treasurer of State to the General Fund.

Sec. 11. Whenever, on the third day of January or July, in any year, after the expiration of five years from the date of issuance of any bonds under this Act, there remains, after the payment of the interest as provided in the preceding section, a surplus of ten thousand dollars or more, it shall be the duty of the Treasurer to advertise, for the space of one month, in one daily newspaper, published in English, in the City of New York, and for one month, in one daily newspaper, published in English, at the State Capital, for sealed proposals, to be opened one month after the expiration of such publication by the Treasurer, in presence of the Governor or Controller, at the State Capitol, for the surrender of bonds issued under this Act, which advertisement shall state the amount of money he has on hand for the purpose of redemption; and they shall accept the lowest proposals, at rates not exceeding par value, as may redeem the largest amount of bonds, until the amount of cash on hand for the redemption is exausted; *provided*, however, in case a sufficient amount of such bonds shall not be offered, as aforesaid, to exhaust the Sinking Fund to a less amount than ten thousand dollars, then it is hereby made the duty of the Treasurer to advertise in two newspapers, one in New York and one at the Capital of this State, for three months, which advertisement shall state the amount in the Sinking Fund, and the number of bonds, numbering them, in the order of their issuance, which such fund is set apart to pay and discharge, and if such bond so numbered in such advertisements shall not be presented for payment and cancellation at the expiration of such publications, then such fund shall remain in the treasury to discharge such bonds whenever presented, but they shall draw no interest after the expiration of such publication; before any of said bonds shall be paid, they shall be presented to the Controller, who shall endorse on each bond the amount due thereon, and shall write across the face of each bond the date of its surrender and the name of the person surrendering.

Sec. 12. The Treasurer of State shall keep a full and particular account and record of all his proceedings under this Act, and of the bonds redeemed and surrendered, and he shall transmit to the Governor an abstract of all his proceedings under this Act, with his annual report, to be by the Governor laid before the Legislature; and all books and papers pertaining to the matter provided for in this Act shall at all times be open to the inspection of any party interested, or the Governor or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both.

Sec. 13. It shall be the duty of the Treasurer to pay the interest on said bonds, when the same falls due, out of said Interest Fund, if sufficient; and if said fund be not sufficient, then to pay the deficiency out of the General Fund; *provided*, that the Controller of State shall first draw his warrant on the Treasurer, payable to the order of said Treasurer, for the amount of interest money about to become due, which said interest warrant shall be drawn at least one month previous to the maturing of the interest.

Sec. 14. This Act shall take effect sixty days after the next general election, as to all its provisions, except those relating to and necessary for its submission to the people, and for returning, canvassing and proclaimming the votes, which shall take effect immediately.

Sec. 15. This Act shall be submitted to the people of the State for their ratification, at the next general election, and the qualified electors of this State shall, at said election, on their ballots for State officers, vote for or against this Act; those voting for the same shall write or have printed on their ballots the words, "Refund the Debt—Yes," and those voting against the same shall write or have printed on their ballots the words, "Refund the Debt—No."

Sec. 16. The votes cast for and against this Act shall be counted, returned and cancelled, and declared in the same manner and subject to the same rules as votes cast for the Treasurer of State, and if it appears that a majority of all the votes so cast for or against this law, as aforesaid, are in favor of this Act, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation hereof; but if a majority of the votes so cast are against this Act, then the same shall become void.

Sec. 17. It shall be the duty of the Secretary of State to have this Act published in one newspaper in each judicial district of this State, for three months next preceding the next general election, for which publication no greater allowance shall be made than the rates allowed by law to the State Printer. The Great Medical Discovery!

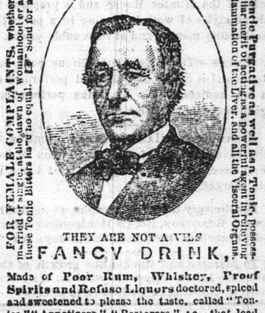
Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?



FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal. Scarcely a single disease can exist long where these Bitters are administered, if the Digestive Organs have not entirely lost the power of action, or the vital parts are not destroyed by some other cause. Such diseases as Chronic Rheumatism, Chronic Inflammation and Congestion of the Liver, and all the Visceral Organs, are completely cured by these Bitters.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the **GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE**, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. **Such Diseases** are caused by **Vitiated Blood**, which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other **WORMS,** lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York.

SOLD BY ALL DRUGGISTS AND DEALERS. jy7

THE DOMESTIC Sewing Machine!

A New Favorite in California.

The Domestic Sewing Machine has just been introduced into this State, and is now offered to the public. It makes the Shuttle or Lock Stitch, alike on both sides, uses a straight needle, and its range of work is from the heaviest to the most delicate fabric, sewing every kind perfectly. It has a self-adjusting tension, which requires no alteration in changing the thread, or in sewing different thicknesses. In simplicity and durability it is unequaled. One great advantage in this machine is, that it will sew over thick seams without difficulty.

The Domestic Stands on Its Merits Alone,

Which have secured it large sales wherever it has been introduced. It combines beauty of appearance with easy, quiet action and perfect work.

THE DOMESTIC SEWING MACHINE is furnished in various styles, the prices ranging about with those of other first class machines.
